

### **Angler's Tote**

Fishermen can easily transport and store up to eight light-tackle rod and reel combos complete with terminal tackle. The upper and lower clip design is ideal for quick loading and unloading. The clips are spaced to keep lines tangle free. Heavy worm rods, inshore saltwater rods as well as ultra-light crappie rigs fit easily. Angler's Tote makes saltwater wash down fast and easy. The flat base allows for upright storage when the equipment is not in use.

### **Angler's Tote XL**

Fishermen can easily transport and store up to six rod and reel combos complete with terminal tackle. The movable bracket design will handle any combination of large and small rods from ultralight crappie rigs up to many two piece surf rods. Rods load and unload quickly. The tote handle can be positioned for ideal balance. Muskie, Steelhead, Striper and Snapper size outfits load and unload easily. The flat base allows for upright rod storage. Angler's Tote XL makes saltwater wash down easy.
